

ALEXANDRIA FRYER

OCCUPATIONAL THERAPIST

About me

Alexandria started her career as an Occupational Therapist in 2017.

Alexandria has gained significant experience through her role in hospitals, working with adults and the elderly across a wide variety of conditions and clinical presentations. She has developed extensive expertise in functional assessments, prescribing assistive technology, adapting activities of daily living, and supporting clients on the NDIS.

She takes great pleasure in working closely and collaboratively with her clients and their significant others to identify solutions for complex problems, minimise daily barriers, and enhance independence, safety, and quality of life.

Specialties

- Neurology
- Aged Care
- Cancer

Mission Statement

Alexandria is particularly passionate about and skilled in caring for clients with neurological conditions such as TBIs and ABIs.
