

ALY FRYER

OCCUPATIONAL THERAPIST

About Me

Since becoming an Occupational Therapist in 2017, Aly has gained significant experience through her hospital role in working with adults and the elderly across a diverse range of conditions and clinical presentations.

She has extensive experience in functional assessments, assistive technology prescription, activities of daily living training/adaptation and supporting clients on the NDIS.

Specialties

- Neurological conditions
- Aged Care
- Cancer
- ABI's and TBI's

Mission Statement

Aly is passionate and experienced in the care of clients with neurological conditions such as TBI's and ABI's. Aly enjoys working closely and collaboratively with her clients and their significant others to identify solutions for complex problems, minimise barriers faced in day to day life and increase independence, safety and quality of life.
